

MONEY has been called mankind's greatest invention and the most powerful secular force on the planet. Yet few people ever achieve a level of contentment in their relationship with money. This book identifies our relationship with money on four different levels, physical, emotional, mental, and soul. Each level has a color associated with it and you will learn how to use these colors to activate your **MONEYFORCE** to provide greater balance in your life and achieve a new level of well being and prosperity.
